Dear Members of the Class of 2003:

This yearbook is a visual summary of your experiences, accomplishments and relationships during your four years at Ipswich High School. You began your high school career in the old building and completed the transition to the new high school. You are the last class to experience both the old and the new.

Your years have gone by quickly. You have left your mark in the classroom, on the playing field and in the performing arts. You have accomplished a great deal both individually and as a class. We will miss your presence and your contributions.

Your yearbook will serve as a gentle reminder of the good and the more difficult experiences you have had. We wish each of you the very best in your life. On behalf of the faculty and staff, I hope that we have been able to assist you in the process of growing intellectually and emotionally. Best of luck to each of you.

CLASS OFFICERS:

PRESIDENT: Harry Pardee
VICE PRESIDENT: Elizabeth Xenelis
TREASURER: Amanda Woodworth
SECRETARY: Amanda Pike

President's Address:

As we complete this stage in our lives, we are reminded of past times that are cherished in all our minds. Some of these memories date back far into our existence and others are only recent, but all are important.

As a class, Ipswich High School's Class of 2003 was very successful - dances, fundraisers, proms, cotillion, etc. Everything that has happened over the last four years has been productive, but none of it could have happened without the hard work and dedication of our class advisor Mrs. Woodworth and fellow class officers.

The years we spend in high school serve as a foundation to our success in the rest of our lives. When it comes to this class, we should be OK. Good Luck to my fellow classmates in all of your future challenges.

There's a long and winding road that leads us through life. The twists and turns make us wonder why we chose the path less traveled. So we changed by the speed of the choices that we made, the limits are self-made. The things we did to the people we ♥ The way we broke if there was something we couldn't take. Yesterday seems so far away now all my troubles have gone away. Thanks to everyone who's always been there for me.

President's Address:

If sophomore year is really supposed to be the "hardest" year, then our class shoud be the best to ever go through IHS. Sophomore year has been great and it is going to stay that way due to the progress and enthusiasm that we have made as a class. I hope that we can keep up that enthusiasm for the next two years. Whether it was selling cookie dough, other fundraisers, semi-formal, or overly successful fashion show., we made alot of money and had a lot of fun in the process. We could not have gotten this far without Jane McNally, our class advisor; without her we would not have been able to go above our expectations which we set for ourselves. Also, we send special thanks to the parents who helped us with all of our fundraisers. Last we want to thank our entire class for all of their help in our many fundraisers and spirit week excitement.

FRESHMEN

CLASS OFFICERS:

PRESIDENT: Franklin Pike
VICE PRESIDENT: Tanny Horgan
TREASURER: Angela Doyle
SECRETARY: Emily Bailey

President's Address:

What is time? What does time have to do with our lives? Do we even care? Time is defined as a measurable period during which n action, process, or condition exsists or continues. Clocks, photo albums, and yearbooks usually keep track of time. Our life is all about me. Think about it? Just last year we were the top of our school, the big eighth graders. How fast did that pass? What specific events in ır eighth-grade year can you remember? At our graduation, we were seated in those chairs anxiously waiting for our name to be ılled.

Do you remember how you felt?

Remember how you felt the first day of high school? How different high school life has been for us. Sitting down in the heatre listening to Mr. Cahill talk to us, making high school seem like a totally new and exciting experience. Remember your first time eing in a class with teacher assisstants. Wasn't it funny to see older classmates assisting teachers? Do you remember our first spirit veek? Wasn't it a surprise when we the Freshmen won the tug of war? Remember our sports teams and how they were such a uccess? Do you remember the night games? When the stands were full of Ipswich fans, many of them high school students. Do you emember the feeling of pride watching our teams play? Through the year we have picked up on many new skills from our fellow assmates and teachers. We have developed as a class into young adults who will now be looked on by our school as giving ontributors.

What do we have to look back on? As we sit in class on the last day of school anxious for that bell to ring, all of our eyes are xed on the clock, as the hands spin. We should try to remember that time is passing. You have just completed another year of school. ecap and see what you have accomplished in this year. Time continues no matter what. There's no way we have of stopping it or epeating the same moment twice. But rememberance is our weapon against time. As you sit looking at the clock, remember this year; ne year you entered high school. Time is infinite but so are our memories. As we move on to our sophomore year we are not just assing another grade, we are moving down our own little path in life.

"It is the trade of lawyers to **question everything**, yield nothing, and talk by the hour".
-Thomas Jefferson

"Never feeling insignificant, I can make a difference
You need an example, use this as a for instance
Put your mouth on pause, put your brain in gear
They're having a sale on minimal dreams
Doomed to fail, they caught your tail
Your butt's in jail, you get no bail
My rep is not scarred, I won't commit fraud
Can't say I lied, there's nothing to hide
I say with much pride '**Court is now in Session**

Highlight of a Game~ Cheering loud, sticking ALL stunts, not dropping anyone, leaving w/ a smile because of an awesome victory!
Funniest Moment~ We're constantly laughing!

A Dedication...

The Yearbook Staff would like to dedicate this yearbook to **Mrs. Cynthia Welch-Philippino** for her constant support and patience, all the long hours she dedicated to this book, her laughs and her smiles, and for putting up with us!

Mrs. Welch, this yearbook could not have been completed without you. You are truly amazing, and we thank you from the bottom of our hearts.
